There is a whole lot of words that can come off of putting cloth words with snake words, referring to specific aspects. Narashpizaas is a funny one because it's a portmanteau of snake den and suitable. Many possible interpretation based on context.

2417	זח	זח, זח, זח	Peedal, Dallaape, Dallapoy	Tale of Cups, The Cup game	Memory game which can be played with 101 (65) marked "cups", or cards. Each person starts with taking 4 cups, and hide them from their opponents. Then they play each two cups at the time, showing the other players what they are playing. If switching a cup, must use that cup. Best hand of the moment wins and gives one point, which balances towards zero. There should always be an unplayable number of cups left, and they can reduce the points of whoever won. True cups trump wild cups. Wild cups always give the best outcome. Best hands are: 5 different, 1 only, 5 same, 4 different, 4 same, 3 different, 3 same, 2 pairs, 2 same. Not

You have to watch out for the Inki and Anoi however, they can make a pretty sad mess. One is bound to take care of others in those months, but to a point. This is why it is common to give a great meal the first night of hosting a stranger, a good meal the second, an okay meal the third, and slightly burnt one the fourth. One is usually not welcome past a week (of five days).

5735	קכ	קִי אֶרֶב	Korukaa	Boar	Great hunting animal, but also great danger if one is unprepared. When doing a complex task, one somehow calls upon the boar to focus. As such, it's become the same word for a target when using bow and arrow, and to achieve a hunt of it is synonymous to a well prepared victory. When someone fails spectacularly at anything, "Korukka Keru?" What boar? As if to say from the mind of the other, wait, we were going to hunt a boar?

Sought after for their flesh and hide, they also wildly vary in number year by year, so it's become synonymous with "hopping grace", the fickle luck that sometimes abound, and sometimes doesn't. A character that returns in various stories like a modern day cameo would be referred to as a Khini.
